# REGULATIONS

## With Which The Subscriber Has Agreed To Comply

To establish credit an applicant who is unknown to the Company is required to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance of the Company of an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

Under average conditions the Company requires ten days to arrange for and complete an order to install or move a telephone.

To guard against interference with the service unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which notice in writing has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

The continuous use of a party line is limited to five minutes. Party line subscribers are necessarily associated on the line with others located nearest to them and using the same class of service. Mutual accommodations usual in public service of any kind, where two or more persons are jointly concerned, should be extended between party line users.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged, during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

Bills are rendered once a month, to cover (a) one month's charges for local exchange service in advance, and (b) toll and other charges in arrears. Bills are payable at the office of the Company. If not paid on or before the fifteenth day after issuance of the bill, written notice calling attention to that fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of the following restoral of service charge:

- a. If service has been suspended one way only.....\$0.50
- b. If service has been suspended both ways..... 1.00

When settlement of the bill is not made until telephone instruments have been removed from the premises, the regular service connection charge applies.

**Measured Service**, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charges for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

**One incoming line** (one-way service) furnished only for each individual two-way flat rate line or two-way trunk line.

Not more than two joint users will be allowed on P. B. X. or individual line service; and not more than one joint user in connection with a party-line subscriber.

**Four-party Service** is furnished only where at least two subscribers within the limits of a single block apply for such service, or there is a vacancy on an existing circuit.

**Two-party Service** beyond the established exchange area will be furnished only where two parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

**Four-party Service** beyond the established exchange area will be furnished only when at least three parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

**Rural Service** is furnished only where at least two subscribers are secured for each one mile of line built.

## Ownership of Facilities

All facilities provided by the Telephone Company, including directories, remain the property of the Company and are subject to the following regulations:

**Foreign Equipment.**—No apparatus or appliance not furnished by the Telephone Company shall be attached to or used in connection with the facilities furnished by the Company.

**Directories.**—Telephone directories containing the listings of subscribers, issued from time to time by the Telephone Company free of cost, are and remain the property of the Telephone Company. They shall not be mutilated and shall be surrendered to the carrier who delivers the subsequent issue. No binder, holder or auxiliary cover except such as may be furnished by or with the consent of the Telephone Company, shall be used in connection with any telephone directory furnished by the Telephone Company.

## How to Transact Business with the Company

### Applications for New Service.

#### Changes in Location —

#### Discontinuance of Service.

All matters relating to new telephone service, removals, termination of service, directory listings, adjustments of accounts, collection of bills, etc., are handled at the Business Office of the Company.

Subscribers desiring telephone equipment rearranged or moved from one address to another should notify the Business Office not less than ten days in advance.

Subscribers desiring telephone service discontinued, either permanently or temporarily, should give not less than ten days' notice to the Business Office.

The location of the Business Office is shown on page iii of this directory.

### Changes in Directory Listings

This telephone directory is issued regularly twice a year. Notification as to new listings, changes or corrections should be made, preferably in writing, to the Business Office at once.

## How to Make Emergency Calls

TO REPORT A FIRE		TO CALL THE POLICE	
Hammond 0	HAMMOND	Hammond 13	HAMMOND
Hammond 10	CALUMET CITY	Hammond 57	CALUMET CITY
Griffith 111	GRIFFITH	Griffith 152-M	GRIFFITH
Highland 6	HIGHLAND	Highland 227-W	HIGHLAND
Lansing 21	LANSING	Lansing 21	LANSING
Munster 47-M	MUNSTER	Munster 63-M	MUNSTER

When calling the Fire or Police departments, you should give your message direct to the department concerned. Give your name, street address, and between what cross streets that address is located, to the department called.

Any subscriber in an emergency may ask the operator for the department wanted by name instead of calling the department direct by number and the operator will establish the connection.

## How to Use the Telephone

### Obtain Correct Telephone Numbers

Always obtain the correct number from the current issue of the telephone directory before you make a call. If the desired number is not in the directory, call "Information."

### How to Pronounce Telephone Numbers

Pronounce telephone numbers in the order printed, for example: Hammond four-five-oh-seven.

Speak slowly, clearly and directly in the telephone with the lips about half an inch from the mouthpiece. Your voice will carry much better if you do so.

### To Recall the Operator

On a Common Battery telephone (one where you signal the operator by merely lifting the receiver from the hook) to recall the operator on a connection, move the receiver hook up and down slowly three or four times.

On a Magneto telephone (one where you signal the operator by turning a crank) if you wish to recall the operator hang up the receiver and give the handle one quick turn. When you finish your conversation, receive a report that the number you wish to talk with is busy, or your party does not answer, hang up the receiver and give the handle one quick turn.

### The Busy Signal

The busy signal is a buzz-buzz-buzz—which informs you that the called line is in use.

### Party Lines

All subscribers on the line have equal rights; for that reason calls should be reasonably limited in length of conversation. To make for efficient service and to prevent annoyance to others on the line the following rules should be observed:

When you wish to call, remove the receiver and listen. If the line is in use, restore the receiver to the hook and wait for those using the line to finish.

Always answer your own signal. If there is any confusion about the rings, report the facts promptly to the Chief Operator.

## General Information for Subscribers

### Exchange Service

Business service is furnished for use of subscribers and their employees only in their business and for such extra name users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

### Identification of Employees

All employees of the Company whose duties require them to enter the premises of its subscribers for any purpose whatever are supplied with identification cards, each card bearing the photograph and name of the employee entitled to carry it. Any subscriber having the slightest doubt as to the identity or the right of the person representing himself to be an employee of the Company should inspect the credentials. Beware of persons misrepresenting themselves as employees of the Telephone Company.

### Attachments to Telephones

Telephone instruments have been designed as they are to produce the best results and are necessarily very sensitive and intricate. The various unauthorized devices offered for sale, which are supposed to improve transmission, eliminate noise, destroy germs, supplant the telephone directory, etc., are unnecessary.

Unauthorized devices get the telephone lines and instruments into trouble, and the Company, to protect its service, is compelled to remove them.

Subscribers' contracts provide that no instruments or appliances not furnished by the Company shall be attached to or used in connection with its instruments or lines.

### Directory Advertising

The Manager will furnish upon request any information regarding directory advertising.

### Telephone Directories of Other Cities

Telephone directories of the principal cities in the United States and Canada will

be obtained for any of our subscribers desiring them. Information in regard to securing these directories may be obtained by calling the Manager.

### Regulations and Tariffs

The tariffs of this Company are on file in each Business Office and may be inspected upon application.

A representative of the Company will lend any assistance necessary in securing information from such tariffs.

### Errors in This Directory

The Company cannot and does not assume any liability for damages arising from errors or omissions in making up or printing its directories. Please check your listing in the directory. If it is incorrect in any way, please call the Manager so that it may be corrected in the next issue.

### Answering Telephone Calls

By answering telephone calls promptly, you materially aid the Company in its endeavor to give satisfactory service.

When answering calls, announce the name of firm, your telephone number, or your name. When a called number answers, announce first your own name or the name of your firm and then the name of the person to whom you wish to talk.

### Telephone Numbers

It is a convenience to your customers to print your own telephone number on your letterheads, signs, etc. However, telephone numbers are subject to change and if used on stationery and other forms of advertising should, in the best interests of their service, be promptly corrected when, for any reason, a telephone number change is necessary.

### Telegrams by Telephone

You may telephone telegrams, cablegrams or radiograms to the Postal Telegraph Cable Company or the Western Union Telegraph Company.

By arrangement with these telegraph companies, the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

When calling either of these telegraph companies, follow the instructions shown under its listing in this directory.

## How to Place Station-to-Station Calls to Nearby Places

Station-to-Station calls to the nearby points shown below are handled by your local operator. It is not necessary to call "Long Distance." Simply give your operator the number desired and stay on the line until you are connected.

\*For calls between Hammond and the Beverly, Cedarcrest, Commodore, Intercean, Pullman, Regent, Saginaw, South Chicago, and South Shore prefixes of Chicago, the rate is 10c for each five minutes or fraction thereof.

For charges to points not shown in this schedule, or for other information regarding toll connections, call "Long Distance."

## How to Make a Long Distance Call

First—Determine whether the lower priced Station-to-Station service can be used or whether Person-to-Person service is more suitable.

Second—Ask your operator for "Long Distance." When "Long Distance" answers, give her the name of the place and telephone number you are calling (add the name of the party wanted if person-to-person service is desired). Then if you are asked to hold the line, understand that your own number will be requested while the call is being completed at the distant place.

If you do not know the number of the telephone you wish to reach call "Information."

### Station-to-Station Service From One Telephone to Another

Station-to-Station calls are calls on which you do not ask the operator for any particular person or particular Private Branch Exchange station.

To obtain this form of service, tell the long distance operator that you will talk with "anyone who answers."

Charges on Station-to-Station calls may be reversed (at Day, Evening or Night rates) if the initial period rate is 25 cents or more, provided "anyone" answering at the called station accepts the charge. If the initial period rate is 20 cents such a reversed call is accepted at the 25-cent rate. When the initial rate is less than 20 cents, reversal of charges is made only under the corresponding Person-to-Person rate.

If the request for reversal of charges is not

accepted as above, and the call is cancelled, then the regular Report Charge applies as under Person-to-Person service.

Station-to-Station calls are handled more rapidly and at lower rates than Person-to-Person calls. Reduced rates generally, are in effect during the evening and night periods as follows:

**Day Rates—4:30 A. M. to 7:00 P. M.**

**Evening Rates—7:00 P. M. to 8:30 P. M.**

**Night Rates—8:30 P. M. to 4:30 A. M.**

The time at the originating end, whether Central Standard or Day light Saving, governs the charge at the time the connection is established.

On evening or night rates, reductions do not apply on calls where rate for initial period is 35c or less.

vi

Hammond

## Person-to-Person Service

### From One Person to Another

**All Hours, Day or Night.** This service differs from the Station-to-Station service in that a particular person, or particular extension of a Private Branch Exchange, is called for instead of "anyone who answers the telephone" at the distant end. The rates for this service are not reduced during the evening or night hours. Charges for this service may be "reversed" or collected at the distant station if accepted by such station.

Owing to the fact that the Company may be unable, for reasons beyond its control, to complete calls for particular persons or Private Branch Exchange stations, this class of call is accepted only with the understanding that a **Report Charge** will apply, under the conditions outlined below, if a chargeable conversation does not result.

**Person-to-Person Call Rates** are somewhat higher than the corresponding Station-to-Station Day Rates.

### General Information

**Appointment Call Rates** are the same as those quoted for Person-to-Person calls. An appointment call is one on which connection is to be established at a specified time set by either party. **Report Charges** apply.

**Messenger Call Rates** are the same as those for Person-to-Person calls plus a charge for messenger service required to notify the desired person to come to the telephone. In case the desired person cannot be secured, a **Report Charge** plus the **Messenger Charges** must be paid.

**Reversed Charges**—Messages or calls on which charges are to be "reversed," or collected at the distant end.

If you desire the charges reversed you should advise the operator **when you place the call**. If the called party refuses to accept the charges a **Report Charge** will be made unless the call is

then completed as a Person-to-Person paid message.

**Report Charge.** A Report Charge is made if communication cannot be established on Person-to-Person, Appointment, Messenger or Reversed Charge calls for reasons beyond the Company's control.

**Request for Charges.** If you desire to be told the charge, it will save time if you so advise the operator when you place the call. In the case of reversed charge calls it is important that you make the request when you agree to accept the charges.

**Bills for Toll and Long Distance Service** cover the charges for one month preceding the date of the bill.

**Report all Complaints** of Long Distance Service to the "Long Distance Supervisor."

For **Additional Information** call "Long Distance."

## International Telephone Service

Transoceanic telephone service is available from your telephone to any point in Austria, Belgium, Czechoslovakia, Denmark, England, Finland, France, Germany, Holland, Hungary, the mainland of Italy, island of Sicily, Latvia, Lithuania, Luxembourg, Norway, Scotland, Spain, Sweden, Switzerland and Wales, and to many important cities of other European Countries,

Hammond

Africa, Australia, Java, and South America. Telephone service is also available to any point in Canada, Cuba, and Mexico, secured by merely calling "Long Distance."

### Ship-to-Shore Service

"Ship-To-Shore" service is now available to and from passengers on several principal Atlantic liners while vessels are within range of the American shore.

vii

### Schedule for Computing Toll Charges

To ascertain Evening, Night, Person-to-Person, Appointment or Messenger Rates or corresponding Report Charges—first, find the Station-to-Station Day rate as shown in the Toll Rate table on page vi, then locate this rate in first column of table below, to the right of which will be found the desired rates.

## Numbers Frequently Called

You will find this space the most convenient place to list numbers which you call frequently.

Telephone numbers of local and out-of-town subscribers that cannot be found in this directory may be obtained by calling "Information."

Please do not copy old lists of numbers on this page without first making sure that they are correct by checking local numbers with the printed listings in this issue of the directory and by calling "Information" on the out-of-town exchanges.

# Just Like a Visit

How long has it been since you visited the old home town?

Of course, it's a long trip—you scarcely have time to make it now.

But you can telephone—to father or mother, to the other relatives and old time close friends. It is the next best thing to a personal visit.

Bell lines reach everywhere and you will be surprised at the very moderate cost of a call.

HAMMOND  
Calumet City

In 1868 George Hammond, in whose honor the city was later renamed, located his packing industry in this territory and was instrumental in the community's early development. The city charter was secured in 1873 and Hammond's growth as an important packing center was rapid. The beginning of the twentieth century, however, saw the meat packing business largely replaced by numerous diversified industries seeking to locate in a region that offered excellent transportation facilities by rail and water and an excellent accessibility to markets and raw materials.

Calumet City is located to the west of Hammond, and although in Illinois it is essentially and economically a part of the city of Hammond.

## Civic Organizations

There are six branch substations in Hammond where ordinary postal business may be transacted from 8:00 A.M. until 5:00 P.M.

The Hammond Public Library, which has approximately 80,000 volumes in its collection and an annual circulation of 502,000, is located at 5011 Hohman Avenue. The library is open on week days from 9:00 A.M. until 9:00 P.M. and on Sundays from 2:00 P.M. until 5:00 P.M. except during July and August.

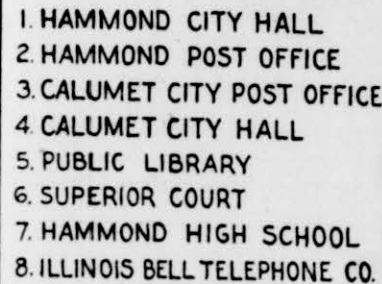

Branch libraries are located at the following addresses: 1024 W. 119 St., 4809 Oak Av., 5444 Calumet Av., 1047 Conkey St., 521 Conkey St., and 6219 Kennedy Av.

Chamber of Commerce, 425 Fayette St.

Hammond's park system covers 141 acres including Lake Front Beach and several well equipped playgrounds for children. A memorial park is located in Calumet City and Wicker Park, a memorial to Lake County's war dead, is situated just outside the south limits of the city. There are several excellent theatres in the city.

Hammond is served by several large railroads operating freight and passenger service including the Erie, Monon, South Shore, Michigan Central, New York Central, Nickel Plate, Pennsylvania and Wabash railroads. There are also four belt lines serving the industrial district while frequent interurban passenger service is maintained between all cities of the Calumet Region. Excellent motor coach service by the larger bus lines is available to all points.

Directly south of the city is located the Hammond Ford Airport, one of the largest and best equipped fields in the country. Freight, passenger and mail service to many points is maintained on regular schedule at this field.

To find the telephone number of a  
business concern you have in mind—

*First, locate the heading descriptive of the general  
type of business. This will be found in its  
regular alphabetical order.*

*Next, locate the desired concern and telephone  
number by examining the listings under the  
heading.*

To find where to buy the article  
or service you want—

*First, locate the heading indexed by the name of the  
article or service you wish.*

*Then, select from the listings the dealer with whom  
you wish to do business.*

Under these headings may also be found  
headings descriptive of particular kinds of  
articles or services and the dealers in a  
position to serve you. The advertisements  
provide you with more complete buying in-  
formation.

Trademark or brand names will be found  
in alphabetical order according to the trade-  
mark or brand name, also under the general  
business classification.

*Valeteria*

TO ALL of you who read the magazines—and to all of you who have pride in your appearance, this will be good news—

Right here in this city you can now get Valetaria pressing for your suits—and for your coats, skirts and overcoats, too.

This is the improved pressing method—advertized in the Saturday Evening Post and the same as that used by the most famous method that shapes the clothes.

The collar is shaped on a collar press; the coat front on forming presses; shoulders on a shoulder press; trousers on a trousers press, the same method as was used when your clothes were made.

If you want your apparel pressed in a way you will be proud of, phone us. We will call promptly and deliver just as promptly.

If you'd like us to, we can also do a good job of dry-cleaning at the same time.

Ladies' fancy garments a specialty.

Don't forget that VALETARIA shapes as well as presses your clothes.

## For the Hard of Hearing

A special telephone has been developed by the Bell System for the aid of those with impaired hearing.

Installed in the home or office, it amplifies the volume of sound, making it possible, in many instances, for those who experience difficulty in hearing to hear more easily.

Our Business Office will gladly give further information

# Communication Services TO FIT YOUR PARTICULAR NEEDS

The Illinois Bell Telephone Company has a solution for your communication problem, whether it be in your business or at your home. A partial list of the many time saving and convenient facilities offered for your consideration is shown below.

**TELEPHONE SYSTEMS** for communication between different parts of the office, home or plant.

**EXTENSION TELEPHONES** in another part of the office or home.

**CODE CALLING SYSTEMS** designed to permit the sounding of code signals in various parts of the office or plant. By means of these code signals, persons away from their telephones may be summoned to the nearest telephone to receive a call.

**CONVENIENCE PLANS** to provide greater flexibility in making or answering calls on one or more lines and with intercommunicating and secrecy features.

**TELEPHONE TYPEWRITER SERVICE** for instantaneous communication of typewritten messages between offices in the same building, in the same city or in different parts of the country.

**LOUD RINGING BELLS** for locations where noise makes it difficult to hear the ordinary telephone bell.

**EQUIPMENT** for the reception of telephone orders with speed and efficiency.

**ESPECIALLY EQUIPPED TELEPHONES** for those who have difficulty in hearing over an ordinary telephone.

A telephone call to our Business Office, will bring a representative who will gladly discuss with you your own particular communication problems.

# Study the Advertising in this Directory

Glance over the advertisements and note character of the business men who are appealing to you for your business through this medium. Note the wide variety of services and products that are advertised.

If your memory is good, you will probably recall that you saw most of these advertisements in preceding issues of this directory.

## And then put this question to yourself:

If so many keen business men keep using this directory to ask telephone users for their trade, they **MUST** be getting results from this advertising. And if **THEY** are getting results from telephone directory advertising, why can't I?

**YOU CAN.** And the rates are exceedingly reasonable — so reasonable, in fact, that telephone directory advertising, for the quantity and quality of publicity service rendered and the results secured, is the most economical high quality advertising you can purchase.

# There are only a few of your customers who have your telephone call in their minds

---

Your other customers and the expected new ones depend on this Directory as a medium for reference when they want to buy. Unless you are classified where they can readily find your telephone call, you are missing business that should be yours.
